VAT or tax no. number

CONTACT PERSON

name and role

email · phone

01 What we understood

Two or three sentences picking up what came out of the first meeting: the situation today, what is not working, the number to improve.

02 What will be built

- Job 1 and what is delivered (example: a 6-page website, in Italian and English, readable on a phone)
- Job 2 (example: a digital menu the client updates alone, with a QR code and a printable version)
- Job 3 (example: a complete, aligned Google listing)

Not included: example: professional photography, printing of the QR code, paid advertising, new features beyond those listed.

03 What it costs

ITEM	AMOUNT
Job 1	euro
Job 2	euro
Check-up credit (200 / 100 / none euro deducted)	- euro
Total (VAT if due)	euro

Fixed price: it does not change along the way. If something extra is needed during the work, it is flagged straight away and written down before going ahead. Domain and hosting (about 50-120 euro a year) are separate, registered in the client's name and paid with the client's own payment method.

04 When

Delivery within number days of the moment all the material arrives (texts, photos, access). Start date, expected delivery date. Two rounds of revisions are included. Every job gets full attention, to keep to the schedule; a delay in providing the material moves the date by the same amount.

05 What is needed to start

- Texts or ideas for the texts, photos, logo
- Access to the domain, the Google listing and the accounts that are needed
- A contact person who replies within 2-3 working days

06 After delivery

Ongoing care, optional. The first month is a settling-in month at a flat fee of 250 euro, with no cap on hours, for support, research and ideas (new developments excluded). At the end of the month a report with the real hours sets the level together: Base fee 100-150 euro a month with 2 hours included; beyond that, 50 euro an hour, in blocks of 30 minutes, always communicated beforehand. The settling-in month carries no commitment. See Service agreement, article 4.

07 How to pay

- Deposit of 50% on signing: euro
- Balance of 50% on delivery: euro
- Bank transfer to IBAN, in the name of Matia Zoffoli, within 10 days of the invoice.

08 What stays with the client

Domain, content, data and access always stay with the client, with a perpetual licence to use the delivered work. At the end of the relationship everything is handed over within 10 days.

09 Acceptance

To accept, reply "I accept" to this email, or sign below. The attached Service agreement applies to this job and to future ones.
